ASSISTANT-CHIEF OF THE FIRE DEPART Resolved, By the general council of the city of Memphis, That the general council deems it necessary that there should be an assistant chief engineer of the fire department, and that the mayor be requested to send to the general connell a nomination for the said office. This was adopted by the common council. Aldermen Burke and Petti rew spoke strongly equinst the passage of the reso-lution, while Alderman Walsh was as strongly in favor of it, saying that it was necessary inasmuch as the mayor re-commended it. The viva voce vote taken on the resolution was as follows: Ayes—Aldermen Walsh, Malatesta, Cicalla and Pendergrast—4. Noss—Aldermen Mack all, Pettigrew, Burke, White and Dent -5

OTHER MATTERS -The supply of coal is very light, and some fears are expressed as to the quantity on hand lasting until upplies can arrive. Coal is selling sty at \$1 25 per barrel.......Captain James Houghton, a well known steamboat cap-tain of the upper Mississippi and Minne-sota rivers, died at his residence in St. Paul Thursday...... A rumor is in circu-lation that the Natchez will challenge any Paul Thursday .. steamboat craft to run from New leans to Bayou Sars, or any point, for \$10,000.......The St. Louis Republican of Tuesday says: Captain Cognill of the R. J. Lockwood arrived from Belmont yes er day, where he has laid the bost up. He says the gorge at Randolph only lasted thirty hours. He also reports the Kate Kinney aground at Balletin bar, seventyfive miles above Memphis, drawing seven feet of water, there being only six feet at that piace with the attok. The Alle heny Bello, with two barges, was slongside as-sisting her when he left. The J. N. Kel-log has laid up at Belmont. The Great Republic is still fast in the Columbus gorge. The effort to clear the harbor of ice has been abandoned for the present. Much approhension is felt among the steamboatmen for the safety of their property when the gorge once begins to move. We are not a prophet; therefore predict nothing. We do know, however, that in our brief career the present sesson stands unparalleled . Cincinnati Times and Chronicle of Tuesday says: "In the court of com-mon pleas in Louisville, the other day, the steamer Mollie Gratz and own-ers were mulcted in damages of \$450 and costs for failure to fill a contract to deliver a cargo of hay at a point on the Tennessee river. Another steamboat case is pending in the same court sgainst the Cincinnati mail line, for neglecting promptly deliver a consignment of lard tierces.".......The same paper also says: "Captain Goorge Neare, underwriters" agent, arrived from Cairo this morning. Mound City, receiving repairs. She will probably be in the water again Wednesday, and resume her voyage. He thinks the damage to her freight will not exceed \$500. She had about forty timbers broken, commencing about ten feet from her stem and running aft."
